

# **iGroup** (Asia Pacific) Company Profile

---

Est since 1983

## About Our Company

---

Established over 30 years ago, iGroup serves to provide information products, library technologies, and educational resources.

## Our Vision

---

To become the leading provider of information and solutions for the Education and Research Community.

## Our Mission

---

To be Asia-Pacific's leading provider of information and technological products and services for the research and education sectors.

To provide new learning and knowledge solutions for professionals, to develop and acquire the skills needed for the 21st century.

The iGroup aims to be a one-stop station for information products and library technologies. Our ability to provide a full spectrum of related products and services with localized support from each of our regional offices, establishes us as the key information industry partner in the Asia-Pacific region.

## Company Overview

### iGroup (Asia Pacific) Limited

is a Hong Kong registered multinational organization.

### Offices

Offices spanning over 20 countries in the Asia-Pacific region

### Employees

Total workforce of over 1,500 within Asia-Pacific region

### Our History

Since the late 1990s, the iGroup companies have initiated and successfully implemented many pioneering consortia throughout the region.

### Milestones

These successes are largely due to our close working relationship and credibility with both information providers and customers. We have set up consortia in China, South Korea, Thailand, Taiwan, Hong Kong, India, Malaysia and Australia

### Access

Library Learning Space is an iGroup (Asia Pacific) website: Asia's Newspaper on Electronic Information Products & Services, which no longer has a print edition.

**Pote N Lee**  
iGroup CEO

**Dear friends and colleagues,**

Having endured the challenges the pandemic brought during 2020, we entered 2021 with hopes of a better year. Some countries have fared well while unfortunately others are still suffering the effects.

2021 remained challenging for iGroup. However, the hardworking iGroup staff have proven themselves to be resourceful during difficult circumstances. I am proud to say that the iGroup team is determined to strive for success no matter what obstacles come their way.

Therefore, I would like to take this opportunity to thank all the staff of iGroup for their hard work throughout the year. I would also like to thank our longstanding and newer principals and customers for their great support.

On behalf of all of us at iGroup, I wish you a happy and healthy 2022.

*Pote Naithekun Lee*

The iGroup (Asia Pacific) Limited is honoured to be named as a Caring Company by the Hong Kong Council of Social Service. Nominated by Caritas – Catholic Diocese of Hong Kong, the iGroup has been bestowed this award because of its continuous support and commitment to the young and the elderly through Caring for the Community, Caring for Employees, and Caring for the Environment.

## Academic Contents

**The building blocks for all research and development**

Building your library's eResources can be a tremendous task, especially when students' and faculty's information requirements continue to expand at the same rate as digital communications. This is where iGroup can help you with all of your information needs, whether it's research articles on a certain topic or discipline, eBooks to complement curricula, or tools that improve research productivity.

Our collaboration with publishers is established on a country-by-country basis.

Please contact your local iGroup office for information on the publishers we represent.

## Publishing Platforms

Distribution and reprint of books from the academic and corporate market

well known publishers for

**Business Expert Press** is dedicated to developing collections of complementary titles within specific business disciplines and across topics of interest. Each collection is led by a collection editor or professor who actively charts the strategic direction of the collection and seeks out new topics.

BEP eBooks is focusing on translating real-life business experiences and business knowledge. It is a concise, easy-to-read book for advanced business students.

**IG Publishing** is a leading aggregator of ebooks for academic, government, corporate, and public libraries around the world. We work with leading publishers and societies to host their high-quality content on our platform. The content is carefully curated and then distributed to customers via our state-of-the-art platform, which is securely managed and provides advanced analytics features. Customers have come to appreciate IG Publishing as a reliable partner for their e-resource needs. Beyond ebooks, since 2020, IG Publishing has started to distribute journals, standards, and databases.

In Asia, **iGroup Press** (Bangkok) publishes travel and cultural guides, cookery books and phrasebooks, reprints in English of scientific, technical, and medical/nursing textbooks, and translations into Chinese and Thai of selected scientific titles.

# Technology & Authoring Tools

Improve research efficiency with cutting-edge productivity tools

**mangoSTEEMS** is a member of iGroup (Asia Pacific) Limited, a multinational corporation with more than 30 years of expertise in the knowledge management and education industries. mangoSTEEMS is dedicated to providing innovative and effective digital education solutions for the K-12 market.

**Imachek** is a Inspection solution to check the manipulation or duplication of images used in the paper in the stage prior to publication of the paper.

**CiteReady** is a web-based application with desktop-like functionalities. It is a cross-platform application that allows for easy access to your very own collection of research papers anywhere in the world at any time. It greatly reduces the time and effort required for the literature search to be cited in manuscript preparation

**Binumi** is a unique video platform that empowers individuals and businesses of any size to take control of their communication by providing the tools to unlock, create and share compelling stories that can build opportunity and growth for their business.

Education solution (software, curriculum, and training) that integrates technology into the curriculum, including coding into all subjects.

**Learn Social** platform integrates everyday communication tools and peer review into your English courses. Whenever students have to complete a speaking or writing exercise, they first submit their work to their Study Group for review.

**Morressier's** tools help you handle the entire workflow, from managing abstracts to presenting content on-site. Maximize the efficiency and impact of every step, from publishing a call for abstracts to sharing the posters and presentations from your conference and monitoring their impact.

**MyLOFT** is your personal library, where you include the contents you need and categorize them the way you like! A single app that allows you to access, organize, share, and read offline all of your e-contents, anytime, anywhere.

**RemoteXs** has an ability to provide secured access to scattered eResources of the institution, bringing them under one umbrella, along with subscribed eJournals, eBooks and all other eContent, that too anytime ...from anywhere.

# Library Automation

To fully utilize, control, and manage vast amounts of publications and content, the iGroup offers several information management solutions for libraries.

## Automation Solutions Includes:

- > Library automation solutions
- > Library security and materials flow equipment, including RFID and book sorters
- > Union catalogues of books and serials
- > Anti-plagiarism services for schools, universities, and publishers
- > Digitalization of special collections, including hardware and software
- > Cataloging services

## Consultancy

In the space of scholarly communication, research outreach is an emerging trend. ies Research helps researchers to improve their research visibility, which potentially leads to higher citations.

In addition, we provide the latest skill sets and world-class technologies to resolve individual and organizational challenges in preparation for the future. All services from ies Research include: research outreach programmes, workshops, analytics, and technologies.

### Research outreach program through iestory

We design visuals and/or animations to supplement your research findings and maximize the understanding of the discoveries. Using social media as our primary platform, we share your story globally to improve research visibility and increase scholarly engagement. We leverage the digital data generated to optimize our dissemination strategy by observing indicators such as numbers of views and full-text downloads.

# K-12

## Building Forefront Educators and 21st

## Century Learners
